International Organization of Chinese Physicists and Astronomers
American Physical Society

2014 OCPA-APS Outstanding Conference Poster Award

Presented on **June 25, 2014**

The 8th Meeting of Chinese Physicists and Astronomers Worldwide (OCPA8)
in Singapore to

Kelvin J. A. Ooi and Lay Kee Ang

Singapore University of Technology and Design

The poster presents simulation results of controlling Plasmonic propagation in graphene and the generation of graphene plasmon electrically, which are important for potential application in plasmonic devices.

Third-place award: Photonics and Photovoltaics

Nai-Chang Yeh, OCPA President

Albert M. Chang, OCPA Vice President

Michael Turner, APS President, 2013
